DataTracker is a powerful business software that excels at the needs of services businesses of all sizes. Saving Time in Inventory Management Have you ever tried to

What's New In?

Data Tracker for Inventory (aka Tracker) is a complete solution for managing your inventory. It comes with a full featured and intuitive interface that provides quick access to all critical data about your inventory. The software supports multiple inventory items and has several powerful features. For example, it allows you to track multiple item types, sort items by type, export inventory data to CSV files, search for specific items by ID or description, sort your inventory by ID, serial number, features, location, date of receipt and many more. There are also several user-defined fields that you can customize for your particular business needs. You can, for example, define field names that are visible on the Inventory Listing, Inventory Sheet and User Interface. You can sort your inventory using these fields and include them in your reports. You can automatically generate reports for your inventory (e.g. balance, inventory counts, history, pending receipts) and also export data to various formats such as CSV, HTML and Excel. If you are involved in multiple business activities (retail, restaurant, school, office etc.) you can track each item separately and generate separate reports per business. Rights: You are free to use Data Tracker for Inventory as long as you credit us and our development team. Please contact us to learn more. Requirements: Win 2000/XP/2003/Vista/7/8/10 R1.00 Learn more about Data Tracker for Inventory New! Tracker Inventory Invoices: Version 1.40 of Tracker was released in early March. There are several important updates that users should be aware of. The updates below were added in version 1.40 of Tracker. Each one adds an important feature to the software. This change provides the ability to print invoices from Tracker's menu bar. Previously, this required running the program and then clicking the Print Invoice button on the toolbar. Version 1.40 Print Invoice button now is located in Tracker's menu bar. Click on the menu bar to find the Print Invoice button. In addition to the Print Invoice button, the print command icon (a sheet of paper with a printer icon) has been moved to the upper right of the Tracker interface. The Save button icon is also now a printer icon, to the right of the File menu option. A printer icon now appears in the upper right corner of the window when an invoice
