FSX: Steam Edition: Ultimate Night Environment X Add-On Free Download Ultimate Night Environment X for FSX As with FSX, the night textures here come from different stages of the software update process, with varying levels of quality to them. The left side of the line represents the map with the original textures and no texturing, the right side is a map with no map texture, and the center represents the map with textures. Here we can see that the new region has much more detail than any of the map textures. Many FSX users will be no doubt familiar with the other planet from the X-Plane 11 product, while this looks remarkably similar to the Silicon Valley map from the original EA product, its compatibility with FSX is, of course, different. This EA map is at a very early stage and is only compatible with the old release of FSX
